GARANZIA

G3 garantisce ogni prodotto uscito dal proprio stabilimento. Questo, per sottolineare ancora una volta la qualità dei suoi prodotti e l'attenzione che l'azienda pone nei confronti dei propri clienti.

WARRANTY

G3 guarantees that every new product is made in our factory in Italy, in order to underline the quality of the product and the attention that the company has toward the customers.

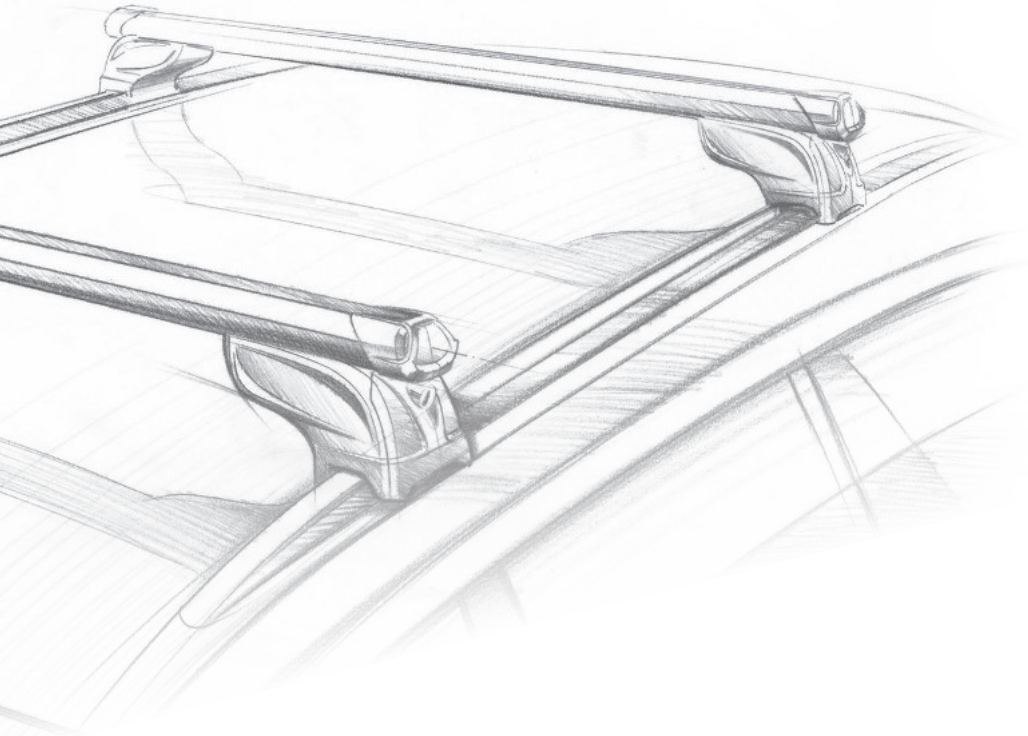

EASY-SYSTEM

Efficiente sistema di montaggio rapido (tempo non superiore a 5 min.) ottenuto grazie al lavoro di pre-montaggio ed alla cura per i dettagli che G3 mette in tutti i suoi prodotti.

EASY-SYSTEM

Efficient rapid assembly time (not more than 5 min.) achieved thanks to a pre-assembly work and the G3 attention to details.

CITY CRASH

Tutta la gamma barre G3 (Open, Pacific, Clop e Atlantic) ha brillantemente superato i test ISO/PAS. Tutte le barre sono state testate con una forza di impatto pari a 8G ed un peso che varia dai 50 kg (per le Pacific) ai 75 kg.

CITY CRASH

G3 complete roof bars range (open, pacific, clop and atlantic) has successfully passed the ISO/PAS tests. All the bars are tested with an impact force equal to 8G and weight that range from 50 kg (for pacific) to 75 kg.

EASYFIX

Montaggio rapido del prodotto ottenuto senza bisogno di attrezzi aggiuntivi.

EASYFIX

Easy and fast assembling of the product without the use of any additional tool.

TEMPI DI MONTAGGIO

Tempo stimato dall'azienda per un montaggio "a regola d'arte" del prodotto.

ASSEMBLY TIME

Time estimated from G3 to have a correct assembly of the product.

ISO/PAS

Normativa di riferimento internazionale che racchiude tutte le principali normative Europee. Questa raccolta di norme specifica i requisiti minimi di sicurezza validi per tutti gli accessori della categoria portaggio (barre porta tutto, box, ecc.) che vengono posizionati sul tetto di automobili e veicoli commerciali (fino a 3.5 ton.).

ISO/PAS

International reference standard that encloses main European regulations. This collection of standards specifies the minimum safety requirements for all load mounting above the roofs of cars and commercial vehicles (until 3.5 ton.).

AD OGNI TETTO LA SUA BARRA PORTA TUTTO

La linea di barre porta tutto per auto G3 si compone di tre differenti prodotti (Pacific, Open e Clop), ognuno dei quali soddisfa determinate caratteristiche del tetto in modo da riuscire a rispondere ad ogni esigenza di fissaggio. L'obiettivo dichiarato di G3 è quello di riuscire a coprire tutte le auto in circolazione con soli tre sistemi di portaggio, puntando sempre su qualità e semplicità. Alle linee Pacific e Open, G3 ha pensato di abbinare una versione .basic, destinata ad una clientela esigente, che non rinuncia alla sicurezza, ma con occhio sempre attento al portafogli.

EACH ROOF HAS GOT ITS OWN ROOF BAR

G3 range of bars for cars is composed by three different product lines: Pacific, Open and Clop, every one satisfies specific roof features in order to meet every type of fixation. The G3's main purpose is to offer roof bars that may fit all the cars available on the market, always thinking about the best quality and easiest way to mount them. By matching Pacific and Open ranges with a basic edition, G3 is meeting the need of the most demanding customers that are looking for safety to the best value for money.

MATERIALE

Alluminio: profilo in alluminio estruso.

MATERIAL

Aluminium: extruded aluminium profile.

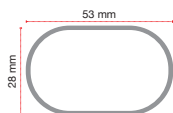

CARICO MASSIMO

Carico massimo indicativo che la coppia di barre porta tutto può sopportare.

MAX LOADING CAPACITY

Maximum load indication that the roof bars can support.

MATERIALE

Acciaio: tubo in acciaio rivestito in materiale plastico.

MATERIAL

Steel: steel tube ermined in plastic material.

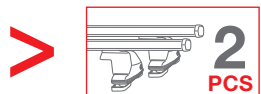

KIT FISSAGGIO NON INCLUSO

La confezione non contiene il kit di fissaggio delle barre al tetto.

BOX DOES NOT INCLUDE FIXING KIT

The packaging doesn't contain fixing kit.

PCS

Numero di pezzi presenti in ogni confezione.

PCS

Number of pieces in each pack.

SERRATURA

Il prodotto include una serratura centralizzata antifurto con sopra inciso un codice di 3 cifre, utile in caso di smarrimento delle chiavi.

LOCKING KIT

The product includes a centralized antitheft lock with an engraved 3 digits code, useful in case of key loss.

LA SOLUZIONE DEFINITIVA PER OGNI VETTURA SENZA CORRIMANO

La gamma **Pacific** è la soluzione di carico proposta da G3 per le vetture con tetto senza corrimano. I nostri tecnici si sono concentrati sugli obiettivi ormai dichiarati dei prodotti G3: semplicità di montaggio, soluzioni innovative e un alto tasso di adattabilità. Questo sistema di portaggio è in continuo aggiornamento ed è mirato a seguire tutte le nuove uscite di autovetture in commercio con velocità e qualità. La linea **Pacific** sarà composta da due sole componenti: la barra e il kit specifico di fissaggio a tetto. La barra sarà disponibile in tre lunghezze e sarà uguale per tutte le vetture. Il kit di fissaggio sarà concepito e disegnato ad hoc per ogni singola vettura. Il modello **Pacific.basic** sarà composto anch'esso da barra e kit di fissaggio. Non tutti i kit entreranno però a far parte della linea **Pacific.basic**, ma solamente quelli applicabili ai modelli più presenti sul mercato. Al cliente rimane solo il compito del semplice montaggio e il piacere della soluzione ad ogni tipo di bisogno di carico.

THE ULTIMATE SOLUTIONS FOR EVERY CAR WITHOUT RAILING

Pacific complete range is G3's solution for cars without roof rails. Our technicians had worked hard on the targets G3 has declared yet: easy assembly, innovative solutions and an high level of adaptability. The loading system is continuously updating to fit perfectly all the new cars on the market. **Pacific** range is composed of two parts: the roof bar and the specific fixing kit. The bar is available in three length maintaining the shape. The fastening kit has been conceived and designed ad hoc for every car. **Pacific.basic** range also is composed of a roof bar and a fastening kit. Not every kit are available for the **Pacific.basic** range wich includes only the kits for the cars on the market by now. Only assemble and benefit the system adaptability.

PER TUTTI I RAILING APERTI

Le barre **Open** di G3 sono state sviluppate nel design e nei dettagli tecnici con l'attenzione riservata a tutti gli altri prodotti dell'azienda: lo scopo è quello di fornire un prodotto adattabile a tutti i tipi di automobili munite di railing longitudinale aperto, di semplice installazione ed immediato utilizzo. A differenza di molti altri prodotti già in commercio, le **Open** verranno vendute già completamente assemblate ed occorrerà solamente fissarle all'automobile con un semplice meccanismo manuale, senza bisogno di utilizzare alcun tipo di attrezzo. Le barre saranno fissate al veicolo grazie a 4 piedi di fissaggio che rappresentano anche un valido sistema antifurto grazie alla chiusura gestita da un'unica chiave. Dopo uno studio condotto sulle automobili in circolazione, le **Open** saranno prodotte in tre diverse dimensioni: 110 cm, 127 cm e 145 cm, mentre le barre **Open.basic** sono disponibili solo con una lunghezza di 122 cm e nel solo materiale acciaio con guaina in plastica. Tutto questo per soddisfare il più ampio range possibile di autovetture in modo efficiente ed elegante.

FOR EVERY OPEN RAILING ROOF

The G3 **Open** railing roof bars have been developed with the same great attention in design and technical features as all the other products. The purpose is to provide a product suitable for all types of open railing cars: easy to fit for immediate use. Unlike many other products that are on the market, the **Open** bars are sold already assembled, just fix them on top of the car with a simple manual device, without any tool. The G3 roof bars are fixed on the roof of the car by 4 mounting-feet that have to be closed by an anti-theft-key to guarantee the security of your box. The **Open.basic** bars are available in 3 different lengths: 100 cm, 127 cm and 145 cm; whereas the basic **Open** bars are 122 cm long, made of steel and with a plastic sheath. All of this, to fit the widest number of car with efficiency and elegance.

ASSOLUTAMENTE INNOVATIVO

Il sistema **Clop** è progettato per essere adatto al 100% delle vetture con corrimano chiuso e alla gran parte di quelle con corrimano aperto.

E' lo stesso nome di questo prodotto a voler sintetizzare questa duplice natura: CLOSE + OPEN.

Anche questo prodotto racchiude le caratteristiche presenti in tutti i prodotti G3: sicurezza, versatilità e praticità di montaggio.

Clop viene infatti fornito premontato: in questo modo il cliente potrà completare l'installazione in pochissimi minuti.

ABSOLUTELY INNOVATIVE

Clop system is designed to fit 100% of the circulating vehicles with closed railing bars and the most with opened ones.

Starting from the name this product aims to sum up this dual nature: CLOSE + OPEN.

This item contains the typical G3's characteristics: safety, versatility and ease of assembly.

Clop is sold preassembled: indeed the user will easily complete the mounting in few minute.

> Accessori barre per auto / Bars accessories for cars

SACCA PROFESSIONALE / PROFESSIONAL BAG

Questo accessorio consente di prendersi cura delle vostre barre una volta smontate. Mantiene l'ordine, conserva il prodotto in modo ottimale, evita di smarrire alcun componente. Disponibile per tutte le barre gamma **Pacific, Open, Open basic, Clop.**

This accessory bag helps you to take care about your roof bars when you get it off. Keeps the tidiness, maintains perfectly the product, avoid to lose any spare part. Available for all roof bar ranges **Pacific, Open, Open basic, Clop.**

Cod	EAN
69.900	8010682043136

KIT ANTIFURTO / ANTITHEFT KIT

Set composto da 4 cilindretti, serratura e 2 chiavi. Unica combinazione. Può servire come ricambio o per rendere più sicuri i prodotti che non dispongono di questo dispositivo.

Set composed by 4 locks and 2 keys. Only one combination. It can help as a spare part or improves the safety of products which do not have a device like this.

Cod	EAN
69.011	8010682041835

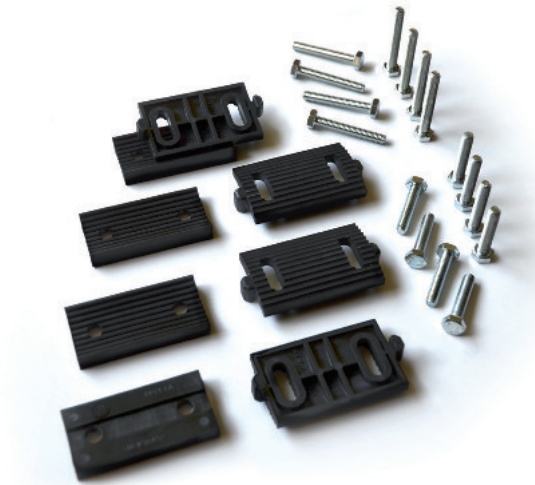

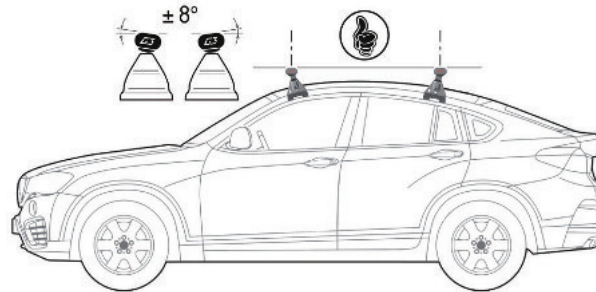

KIT ADATTATORE ROTANTE / BALANCING SUPPORT KIT

Grazie all'azione del basculante di cui è dotato, l'Adattatore Rotante G3 consente di posizionare perfettamente parallele al terreno anche barre montate su vetture con tetto spiovente.

L'Adattatore Rotante può essere montato esclusivamente in abbinamento a Barre porta tutto della gamma **Pacific** ed **Atlantic**.

Thanks to the rotating action of our new Balancing Support, can be put in position also on slightly round roof.

The Balancing Support can be mounted exclusively with **Pacific** and **Atlantic** roofbars.

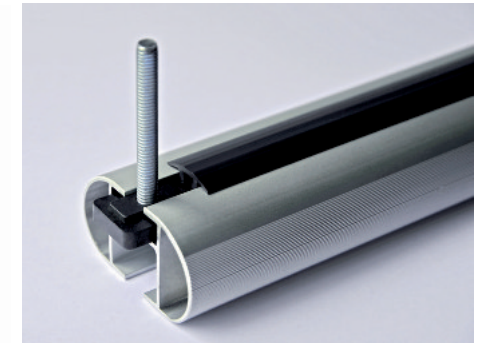

Cod	EAN
69.013	8010682046687

KIT FISSAGGIO A "T" / T-SHAPED FIXING KIT

Set composto da 4 fissaggi a forma di T. Questo kit opzionale consente di fissare qualsiasi accessorio sulle barre in modo sicuro e invisibile. Adatto per tutti i modelli in alluminio di **Pacific, Open e Clop**.

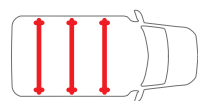

Set of 4 sliding "T-shaped" fixing kit. This optional allows to fix every accessory on your roof in a safe and invisible way. Adapt for all aluminium models of **Pacific, Open, Clop** range.

Barre porta tutto per furgoni

Roof bars for vans

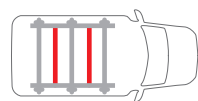

> *atlantic*

Sistema di portaggio professionale / Professional roof rack system

> *atlantic.pro*

Sistema di portaggio professionale con sponde / Professional roof rack system with side profile

> *atlantic.prowork*

Sistema di portaggio professionale a cestello / Professional roof rack system with load basket

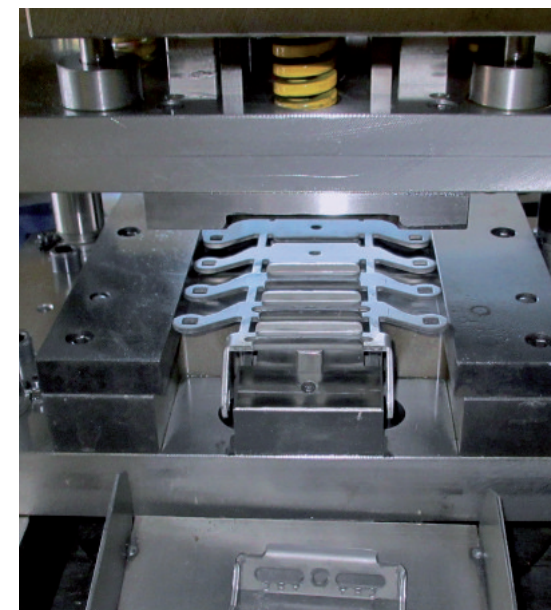

SISTEMA DI PORTAGGIO PROFESSIONALE

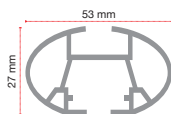

Le barre porta tutto professionali della linea **Atlantic** sono concepite per soddisfare tutte le esigenze di chi lavora con un veicolo industriale ed ha la necessità di caricare e trasportare attrezzatura ingombrante.

Le barre di carico **Atlantic** possono essere integrate con diversi accessori, tra i quali un sistema di sponde laterali che migliora le capacità di contenimento del tetto del veicolo (allestimento **Atlantic.pro**) ed un sistema di barre trasversali utili a completare l'allestimento a cestello del furgone (**Atlantic.prowork**).

PROFESSIONAL ROOF RACK SYSTEM

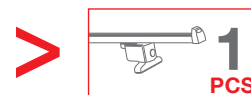

The professional roof rack system of the **Atlantic** range is conceived for industrial vehicles that have to carry bulky equipment. The **Atlantic** system could be integrated with different optionals like: a side bars device that allows more stability of the loading (**Atlantic.pro** system) or a transverse bars system which permits to complete the fitting of the basket load of the van (**Atlantic.prowork** system).

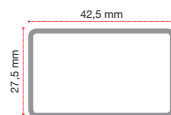

MATERIALE

SISTEMA DI PORTAGGIO PROFESSIONALE

Le barre in alluminio **Atlantic** sono concepite per soddisfare tutte le esigenze di chi lavora con un veicolo industriale ed ha la necessità di caricare e trasportare attrezzatura ingombrante. In questo prodotto il design è attentamente studiato per ridurre al minimo la rumorosità durante il tragitto e per valorizzare l'estetica dei dettagli: ogni singola barra in alluminio ha una canalina ricoperta da guaina in gomma per evitare lo scivolamento e aumentare il grip. Disponibile anche in versione acciaio rivestito di materiale plastico.

PROFESSIONAL ROOF RACK PROFILE

The aluminium roof bars system of the **Atlantic** range is tough for industrial vehicle that carries bulky equipment. The design has been developed to minimize the noise highlighting the styling: each aluminium bar has a groove covered with a rubber sheath that avoids the slipping and maximizes the grip. Also available the steel edition with plastic covering.

ATLANTIC.PRO - SPONDE

Aggiungendo il sistema di sponde laterali alle barre Atlantic, si otterrà l'allestimento **Atlantic.pro**. Le sponde sono disponibili in diverse lunghezze (130 cm, 160 cm e 200 cm). Il prodotto permette di ottenere un sistema di portaggio resistente e professionale. Adatto per tutta la linea Atlantic (alluminio e acciaio).

ATLANTIC.PRO - SIDE PROFILE

Adding the side bars device to the Atlantic system, you achieve the **Atlantic.pro** fitting. The side profiles are available in different length (130 cm, 160 cm and 200 cm). This device allows to have a heavy-duty rack for vehicles. Suitable for all the bars of Atlantic range (aluminium and steel).

KIT ADATTATORE ROTANTE / BALANCING SUPPORT KIT

Grazie all'azione del basculante di cui è dotato, l'Adattatore Rotante G3 consente di posizionare perfettamente parallele al terreno anche barre montate su vetture con tetto spiovente.

L'Adattatore Rotante può essere montato esclusivamente in abbinamento a Barre porta tutto della gamma **Pacific** ed **Atlantic**.

Thanks to the rotating action of our new Balancing Support, can be put in position also on slightly round roof.

The Balancing Support can be mounted exclusively with **Pacific** and **Atlantic** roofbars.
