## SISTEMA DI APERTURA DUAL SIDE

L'apertura Dual Side permette di aprire il box da entrambi i lati per agevolare il montaggio, il carico e lo scarico.

I tecnici di G3 hanno sviluppato un sistema di doppia apertura laterale capace di migliorare ancora una volta le prestazioni della gamma di box G3.

Questa soluzione permette di aprire, con la stessa chiave, entrambi i lati del box per consentire un completo e più semplice accesso al box da tetto, rendendolo comodo in tutte le condizioni.

Il sistema di doppia apertura, oltre a rappresentare una soluzione fondamentale per le esigenze dei paesi con guida nella carreggiata sinistra, fornisce anche la possibilità di affiancare il box da tetto ad altri accessori sulle barre di portaggio.

Questa innovazione verrà inizialmente applicata da G3 ai box di fascia più alta andando così ad arricchire una gamma che già presenta finiture lucide, chiusura centralizzata e city crash test.

Il box G3, ancora una volta cerca di avvicinarsi alle sempre maggiori esigenze dei prodotti di portaggio, aumentando la versatilità e migliorando l'accesso ai bagagli senza mai perdere di vista praticità ed eleganza.

## DUAL SIDE OPENING SYSTEM

The dual-side opening System permits you to open the roof box from both sides. It makes the mounting easier and facilitates its loading and unloading.

G3 engineers have developed this Both-side opening once again in order to improve the performance of G3 Roof box range.

This solution allows you to open both sides of the box with the same key.

You have a better and easier access to the box in very comfortable conditions.

The Both-side opening system represents a fundamental solution for all the countries with left-lane driving, and provides at the same time the opportunity to match the roof box with other accessories on the roof bars.

To the begin this innovation will be applied only on the high-level G3 roof box series, enriching in this way a range that already offers very good-looking finishings, central locks and city crash tests certificates.

Once again the G3 roof box tries to fulfil the growing needs of its market, increasing the versatility and improving access to the loaded luggage in an always simple and elegant way.

## PREFORATURA

Frutto della capacità innovativa dei tecnici di G3 è il pratico sistema di preforatura che contraddistingue la gamma di box tetto. E' sufficiente una penna a sfera! Semplice e veloce, permette al cliente di non dover maneggiare strumenti pericolosi capaci di procurare danni a se stesso o ad altre persone. Il risultato è ottimale, assolutamente migliore di qualsiasi altro presente in commercio: il sistema di preforatura migliora la precisione del montaggio e contribuisce ad aumentare la qualità del box G3.

## PRE-DRILLING

Fruit of the innovation capacity of G3 technicians is the practical system of pre-drilled holes which contradistinguishes our roof boxes.

Simple and quick, the customer hasn't to manage dangerous tool to fix the box which might be risky.

An optimum result, absolutely better than any other on the market: the system of pre-perforation improves the precision of instalment and contributes to increase the quality of the G3 box.

Dual Side

# Box tetto Roof boxes

## GARANZIA

G3 garantisce ogni prodotto uscito dal proprio stabilimento. Questo, per sottolineare ancora una volta la qualità dei suoi prodotti e l'attenzione che l'azienda pone nei confronti dei propri clienti.

## WARRANTY

G3 guarantees that every new product is made in our factory in Italy, in order to underline the quality of the product and the attention that the company has toward the customers.

## CITY CRASH

Tutta la gamma box G3 ha brillantemente superato i test ISO/PAS. Tutti i box sono stati testati con una forza di impatto pari a 8G ed un peso che varia dai 50 kg ai 75 kg.

## CITY CRASH

G3 complete roof bars range (open, pacific, clop and atlantic) has successfully passed the ISO/PAS tests. All the bars are tested with an impact force equal to 8G and weight that range from 50 kg (for pacific) to 75 kg.

## FINITURE

La gamma box G3 è disponibile in diversi colori e finiture che comprendono anche le serigrafie UK, Camou ed il nuovissimo Road. Tutto questo, per rimanere al passo con le nuove tendenze e soddisfare ogni esigenza da parte del cliente.

## COLOR

G3 roof box range is available in different colors, shapes and finishings, which also included silk-screen printing like UK, Camou and the new Road. All of this, to keep up with the new trends and to meet every need of the customers.

**UV**

Il materiale subisce un trattamento di schermatura per proteggere il prodotto dai raggi UV e mantenerlo integro nel tempo.

**UV**

Shielding treatment of the material protects the product from Ultraviolets (uv rays) in order to last in the years.

**MATERIALE**

PS = Polistirolo.

**MATERIAL**

PS= Polystyrene.

**EASYFIX**

Montaggio rapido del prodotto ottenuto senza bisogno di attrezzi aggiuntivi.

**EASYFIX**

Easy and fast assembling of the product without the use of any additional tool.

**TEMPI DI MONTAGGIO**

Tempo stimato dall'azienda per un montaggio "a regola d'arte" del prodotto.

**ASSEMBLY TIME**

Time estimated from G3 to have a correct assembly of the product.

# Box tetto Roof boxes

## LA GAMMA

L'ampia gamma di box da tetto G3 è in grado di soddisfare ogni tipo di esigenza: dal bisogno di spazio per un maggiore comfort alla ricerca di prodotti con una linea accattivante e di tendenza. G3 propone una vasta scelta di modelli (che soddisfano in pieno tutti gli standard City Crash), di tutte le dimensioni e finiture, tra le quali i nuovissimi colori UK, camouflage e road.

## RANGE

The wide range of G3 car roof box satisfies every need: from space for higher comfort, to research of fashion and fascinating products. G3 offers a lot of models (all satisfy all city crash standards), among which the new UK, camouflage and road colours.
